Annexure B:

Policy on External Auditor Assessment and Independence

1. Introduction

The Audit, Risk and Compliance Committee (**Committee**) has the responsibility and authority (subject to Corporations Act 2001 (Cth) requirements) for making recommendations to the Board regarding the appointment, removal and remuneration of the external auditor.

The Committee will review the appointment of the external auditor annually based on its assessment of the external auditor's effectiveness and independence.

2. Purpose

This policy sets out a practice protocol to assist the Committee in assessing the performance and independence of the external auditor.

3. Assessment of External Auditor

The Committee will review the performance of the external auditor on an annual basis after completion of the year end audit. The Committee will assess the effectiveness of the external auditor based on a number of criteria including, but not restricted to:

- the overall comprehensiveness of the external audit plan;
- the timeliness and quality of communications promised under the plan and delivered during the audit;
- the competency and industry knowledge of external audit staff; and
- the adequacy of resources to achieve the scope as outlined in the external audit plan.

The Committee will seek feedback from management and internal audit during the assessment process.

4. Independence

As a general principle, it is the Group's policy to engage the best available professional advisors at the most competitive price. This policy must, however, be applied within the context of maintaining the independence of the Group's external auditors.

The Committee will review and assess the independence of the external auditor including, but not limited to, any relationships with the Group or any other entity that may impair or appear to impair the external auditor's judgement or independence in respect of the Group. The review and assessment will be carried out annually at the time the external auditor presents its annual audit plan.

Prior to this review, the Committee will request a report from the external auditor which sets out all relationships that may affect its independence, including the provision of non-audit services, financial relationships, employment and other relationships and any other matters that may reasonably be thought to

have bearing on the external auditor's independence. The report should outline any safeguards that the external auditor has in place to reduce any threat to independence to an acceptable level.

Before the Board approves the half year and full year accounts, the external auditor will be asked to provide a declaration testifying to its independence in respect of the financial period in question. The external auditor will have a continuing obligation to notify the Committee, via the Company Secretary, of any new information it believes may be material to reviewing its independence.

The Committee has responsibility to develop and oversee the implementation of the Group's policy on the engagement of the external auditor to supply non audit services and to ensure compliance with that policy.

5. Attendance at AGMs

The lead auditor of the external auditor is required to attend the Group's Annual General Meeting (**AGM**) and be available to answer reasonable questions from security holders regarding the audit of the Group.

The Group will ensure that security holders are given reasonable opportunity at the AGM to ask such questions. The Group will also allow the external auditor a reasonable opportunity to answer written questions submitted by security holders prior to an AGM in accordance with the requirements of the Corporations Act 2001 (Cth).

6. Rotation of External Auditor

The Group or Committee will ensure the external lead auditor for a listed entity is rotated:

- in accordance with the requirements of the Corporations Act and other applicable regulations (including in relation to cooling off); and
- with appropriate succession planning.

7. Other Matters

No former partner of the external auditor who was directly involved in an audit of the Group may be appointed as a Director of any Mirvac company or take a position with a Mirvac company during the two year period immediately following the former partner's resignation from the external auditor.

No former partner of the external auditor may become an officer of a Mirvac Group company if any other person, who is or was at any time a partner of the external auditor at the time when the external auditor undertook an audit of a Mirvac Group company, is already an officer of a Mirvac Group company.
