

Construction Update – 21st November 2017

I am writing to advise that we are conducting demolition work to the area between the Biomedical building and the Transport Management Centre over the coming days. This will involve saw cutting to concrete, behind our fence line, to remove existing stairs and brick work.

Access to the oval will be maintained.

We endeavour to have this completed tomorrow to minimise the impact. We apologise for any inconvenience caused.

If you have any questions or concerns, please contact me at atp.communications@mirvac.com or call 1800 870 549.

Kind regards, Kim
