

### Construction Update: After Hours Work

We are required to conduct work on the High Voltage area on the western end of Central Avenue. In order to maintain access to the precinct, we need to conduct this work out of hours.

The work is scheduled to take place between 6pm and 4am and will commence Monday 8<sup>th</sup> January and complete by Friday 12<sup>th</sup> January.

The loading dock will be re-opened from 6am to 6pm daily and access to the car park will be maintained at all times.

If you have any questions or if you require more information, please contact [atp.communicationsf@mirvac.com](mailto:atp.communicationsf@mirvac.com) or call 1800 870 549.

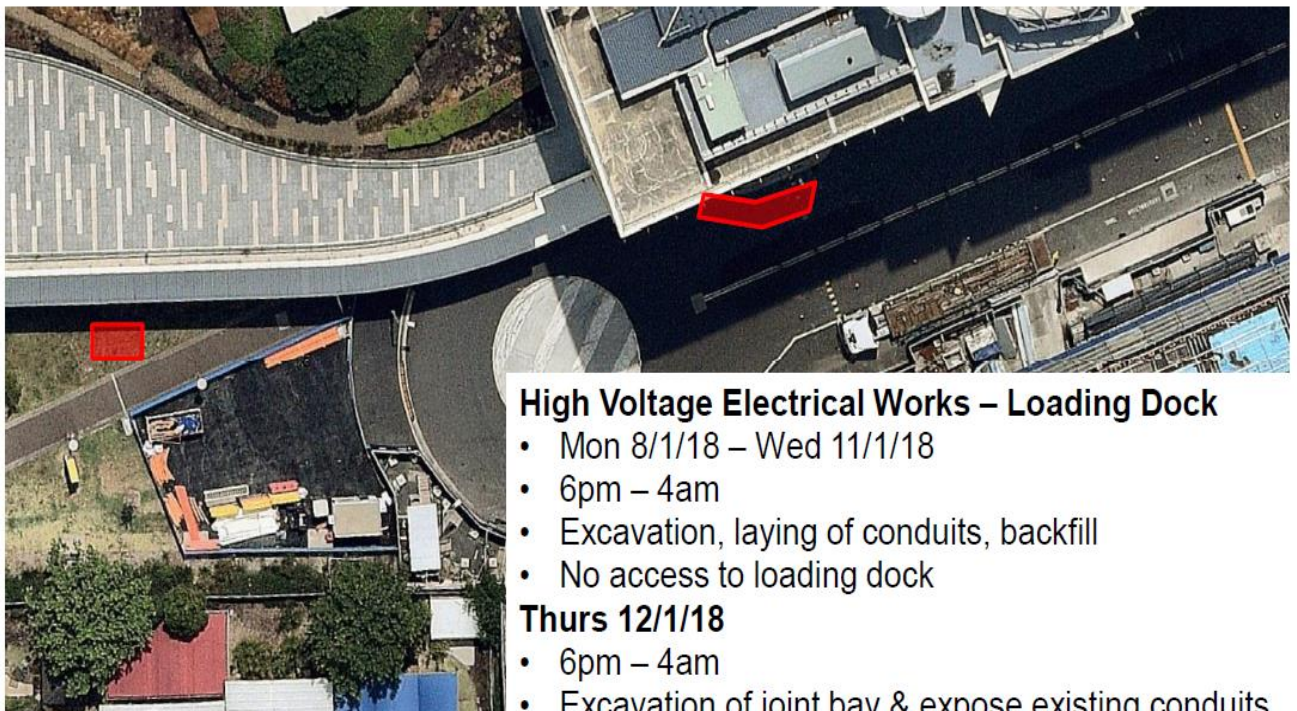

Kind regards,
