

CONSTRUCTION UPDATE – 23 MARCH 2018

This notification is regarding the removal of the shrubs along Central Avenue outside the Media City building. We are working to remove the existing garden blisters and replace with new planting.

What to expect:

The 2 blisters indicated in the red in the map below show the areas we are working in. There will be fencing around the edge of the area and we still commence removal of the existing trees and shrubs. Access to the foot path will not be affected and loading docks and taxi rank is still operational.

Work duration:

Work will commence on Monday 26th March and be completed by Thursday 29th March. Progress could potentially be delayed due to unforeseen circumstances such as inclement weather.

If you have any questions or concerns, or if you require more information, please contact me at atp.communications@mirvac.com or call 1800 870 549.

Kind regards, Kim
