

## The Locomotive Workshop – Response to Submissions

In November 2017, two State Significant Development Applications (SSDAs) for the Locomotive Workshop were lodged with the Department of Planning and the Environment. During the Public Exhibition of the two SSDAs, 78 submissions were received.

Mirvac are currently finalising a Response to Submissions (RtS) report for each SSDA to address all issues raised in the submissions. Whilst each SSDA is being considered separately, many issues raised in the submissions are common to both SSDAs. Both reports will be lodged with the Department of Planning and Environment and can be viewed by the public on the Department's website at the end of May.

## DID YOU KNOW..?

*The Eveleigh Spring Shop was a freestanding Spring Shop built east of Bay 1, now called Innovation Plaza. In the 1970s the Spring Shop was relocated the northern end of Bay 4, and most remaining spring-making equipment is now on display in Bays 3 & 4. Springs were essential to a train's suspension, seats and the buffers between cars.*

## BLAK Markets

The National Centre of Indigenous Excellence (NCIE) will be hosting the BLAK Markets to celebrate the food, art, craft, music and culture of Aboriginal and Torres Strait Islanders. It will also be an opportunity to learn about the history of the 1967 Referendum.

BLAK Markets is a micro-business hub for Indigenous businesses, providing economic development opportunities for Indigenous entrepreneurs.

The markets also provide Indigenous youth with the opportunity to gain skills in retail and hospitality, including food preparation and pop-up store management.
