

TASTE TESTER ACTIVITY

Your tongue is covered with about 10,000 taste buds, which can detect four different kinds of tastes: salty, bitter, sweet and sour.

For this activity we want you to pay close attention to the different flavours.

Have an adult help you fill four cups separately with:

- Sugar + Water
- Lemon juice + Water
- Salt + Water
- Grapefruit Juice

All ingredients are available from Kawana Shoppingworld Coles or Woolworths.

1. Using a cotton tip, dip this into 1 cup for 3 seconds. Then test each liquid on your tongue. Use a separate cotton tip for each flavour.
2. Circle the type of flavour each liquid tasted the most like below

Sugar + Water

1. Salty
2. Sweet
3. Sour
4. Bitter

Lemon + Water

1. Salty
2. Sweet
3. Sour
4. Bitter

Salt + Water

1. Salty
2. Sweet
3. Sour
4. Bitter

Grapefruit Juice

1. Salty
2. Sweet
3. Sour
4. Bitter

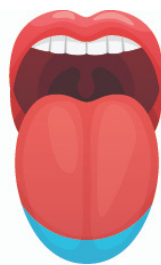

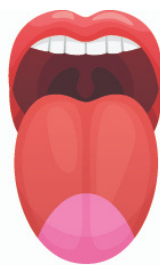

Now see if you can match each flavour to the correct areas

SWEET

SOUR

SALTY

BITTER

CURIOUS MINDS
